How to Transfer a Land Disturbance Permit from DeKalb County to the City of Dunwoody

DeKalb County is no longer doing inspections for any development projects within the new city limits of Dunwoody. Transferring your land disturbance permit is important to you because this will allow you to have your job inspected and avoid costly stop work orders or unnecessary delays. This will also help you get your job site ready for the next phase of construction and keep your project on schedule.

You will need:

- 1. One stamped approved set of civil site plans from DeKalb County.
- 2. One copy of your DeKalb County permit card.
- 3. One copy of your approved hydrology study.
- 4. The City of Dunwoody land disturbance permit form filled out.

Bring these forms to the City of Dunwoody Community Development office at:

The Pointe 400 Northridge Road Suite 1250 Atlanta, GA 30350

The City of Dunwoody will then issue a new permit number in our system.

There is no charge for obtaining this "transfer permit".
